Subject: Flock Audit December 2022

Sgt. Logan,
I conducted a Flock audit per Policy 428.5(C) which reads, "ALPR system audits should be conducted on a regular basis."

Flock currently shows we are sharing cameras with Lompoc PD, San Luis Obispo PD and San Luis Obispo Sheriff's Department.

I conducted a spot check on 12-23-22
1953 Hrs. officers searched for a plate with reason listed "84242". Dispatch advised "84242" is an incident number for a missing person call.
2207-2211 Hrs. one officer searched 8 different plates with reason listed "test". I was unable to verify the reason for running these plates.
2334 Hrs. an officer ran one plate with the reason listed "10851". I was able to confirm the plate run was a stolen vehicle.
2340 Hrs. an officer ran a search for all images of a silver or gray Toyota pickup with reason listed "84303". Dispatch advised "84303" is an incident number for a DUI call
2338 Hrs. an officers ran a partial plate with reason listed "1". Looking at searches before and after I was able to determine the full plate and saw it had been a stolen vehicle.

Scanning other dates in December, I saw very few case numbers being provided, a few Incident Numbers, but mostly "SV", "Test", "1" and "20001".

I did not download or save this information. This email serves as documentation of the audit.

(since we're in the early stages of doing regular audits, let me know if you want me to download and save the data, include more into, etc.)

Thanks

Corporal Stephen L. Best
